

The Jackson Township Training Facility

Jackson Township is excited to announce the opening of the new Jackson Township Training Facility, with a ribbon-cutting ceremony on Tuesday, December 17, 2024, at 10:00 a.m. This state-of-the-art facility located on Young Road just South of State Route 665 will provide essential training for our first responders.

Located on land provided by the Solid Waste Authority of Central Ohio, this six-acre site consists of a one-acre gravel lot with a two-story live fire training prop to simulate a house and a four-story training prop to simulate a commercial building.

This project was made possible through the support and generosity of the Jackson Township Board of Trustees, the Solid Waste Authority of Central Ohio, and the residents of Jackson Township. Their commitment to public safety has been invaluable in bringing this facility to life.
