Vision Statement

Jackson Township Fire Department will continually strive to be the premier fire department in Central Ohio, utilizing the most highly trained, deeply committed individuals. Recognizing that serving the families and businesses of our community is a privilege, we will continually seek to be proactive while instituting programs and services that enhance our performance, customer service, and the safety of our citizens, using the most cost-effective means possible.

Mission Statement

The Jackson Township Fire Department is committed to serving and protecting our community by maintaining the highest quality of emergency services, fire prevention, and public education, with courage, compassion, and professionalism.

JACKSON TOWNSHIP FIRE DEPARTMENT

Fire Chief Randy Little

It is my pleasure to present the 2018 Annual Report. 2018 proved to be the busiest year in Jackson Township history with emergency responses totaling 9683. Hopefully, the information contained within will give you a better understanding of the broad services that your fire department offers.

Our members are committed to serving the citizens of Jackson Township, Grove City, and Urbancrest while adhering to our core values of teamwork, integrity, honor, and excellence. Furthermore, the firefighters of Jackson Township are extensively trained in firefighting, technical rescue, and emergency medicine, helping the department maintain a high standard of effectiveness.

Jackson Township reached new levels of community engagement in 2018, including fire safety education, CPR training, car seat installation, and checks, Stop the Bleed training and an innovative outreach program known as CARES. The Community Assistance Referrals and Assistance Services program adds a non-emergency component to its existing emergency medical services.

CARES is a community paramedicine program designed to build on the trust the JTFD already enjoys within the community by focusing on injury prevention, education and collaboration with local social agencies to help improve the lives of the community's citizens.

The Jackson Township Fire Department maintains a Class 2 classification of its public fire protection capabilities as determined through the Public Protection Classification Program of the Insurance Services Office, placing the department in the top 1.5% of the more than 49,000 fire departments in the United States.
