DEPARTMENT REPORTS**ZONING & ADMINISTRATION**

Mr. Lilly provided the Board with a report in caucus and a written report. He also reported during the meeting:

- Written report White Road – Phase 3, additional information: walk through after the ribbon cutting revealed that the sidewalks on the south side potentially can be saved, but the sidewalks on the north side will have to be torn out. Also the utility poles along the south side were determined to be carrying only the cable and telecommunications wires so they will be able to be located underground and that will allow the poles on the south side to be removed.
- Orders Road – On Thursday Mr. Lilly and Grove City representative will meet with the County engineers to discuss the Orders Road bike path which is back in discussion.
- Student Government Day – May 18 tour of the SWACO facility and a school bus ride on top of the landfill.
- Coming up later this month – meeting about Mulberry Run flood plain which deals with the creek that runs between Casa and Ventura Boulevards. There are properties currently in the flood plain that will be coming out and there are properties out of the flood plain that will be considered in the flood plain. That area has been studied and re-evaluated and this is a revision to the FEMA flood plain maps that were published in 2008. That meeting will be at City Hall.
- In response to concerns expressed by the trustees about the latest reports of crime in the area and what information is available for review Grove City logs all their crimes into the crime mapping data base. Go into crimemapping.com and subscribe to Grove City. Mr. Lilly receives e-mails every day.

FIRE DEPARTMENT

Chief Sheets provided the Board with a report in caucus and a written report. He introduced Firefighter Ken Spangler to report on the progress of a training tower. Firefighter Spangler showed plans of the tower to be located behind the road department salt barn. Footprint of building will be 20x48 concrete pad poured on a monolithic pour. Community is very supportive in donation of materials. He named several contractors willing to donate time and labor, also personnel from the Fire Department volunteer to donate time on days off. He estimates \$18,000 to 20,000 for us to fund this ourselves. Mr. Bowshier expressed concern about our liability, and

Mr. Burris directed a structural engineer's review/get approval from the City. Mr. Spangler would like to take it to our architect to look at the plans. Bob Snyder was present and stated that he does not anticipate a problem for the Road Department. Mr. Lilly stated that we will need to take plans to Grove City to get approval of it. They will review plans. Firefighter Spangler has been doing preliminary leg work in order to get the project off the ground. Mr. Rauck expressed interest in security for the Road Department. Firefighter Spangler asked whether he has permission to speak to more persons about moving forward with this building. The board wished to get some answers about liability, etc. before Firefighter Spangler takes the project further at this time. He is very impressed at the enthusiasm of the public to assist with this. The Board thanked him for his work.

Captain Bowyer of the Firefighter Local 2672 announced the flower sale begins tomorrow, Wednesday, May 9.
