**OLD BUSINESS****RESOLUTION 2012-96**

Mr. Burris moved to remove Resolution 2012-96 from the table. Mr. Bowshier seconded. VOTE: all yes.

Resident Erica Englebrecht, 1889 Creeks Crossing Court, located directly across the street from the proposed fire station on Buckeye Parkway, addressed the Board. She referenced that at the last meeting they attended it was stated that the Township could possibly omit some of the language that was in the re-zoning; i.e. correctional facility, cemetery, cell tower, etc. before we move forward with accepting the rezoning. She stated that the zoning board did agree and that on November 9 they were going to go ahead and do that. She wondered whether before we move forward any more, we could (delay action until this language was removed). *She stated several community members are against the rezoning. She has some signatures she obtained over the weekend.*

Mr. Bowshier asked whether these uses could be omitted. Mr. Lilly stated that question was raised at the last zoning meeting (to do a text amendment and change the permitted and conditional uses of the CF District). Although we have already adopted the CF District, we could go back and do a text amendment again and remove those conditional uses completely. That would be a text amendment, that would come back before the zoning commission, but not as it pertains to this particular case. That would be a separate action taken later. Mr. Bowshier stated there is no promise of this, but we

would consider it. Mr. Lilly stated that we could make a stipulation that those conditional uses are not a part of this application; however, he wasn't sure how enforceable that would be but we could go ahead and add that as a stipulation to the Board of Trustee resolution. However, it was noted that the property will be annexed into the City of Grove City, and they are not going to allow those uses.

Ms. Englebrecht also stated she has another issue with the notice that was received regarding this meeting. Due to typographical error, it stated Monday, the 25th. Mr. Bowshier asked Mr. Lilly if anyone had contacted the Township about whether the meeting was Monday or Tuesday, and Mr. Lilly stated that no one had contacted us about which day was correct, and we sent a correction. She also had complaint about notice to homeowner at 5198 Winter Creek Drive. Mailing address Township furnished to her as a property that was notified was 5198 Wintergreen. He has another tax mailing address. Requirement is to all owners of property within and contiguous to and directly across the street from such area affected by the proposed change or amendment. She stated owner does not live at the address and wants to be notified and has heard nothing from Jackson Township. He is in Tennessee and would not have been able to attend.

Mike Boso, 1894 Creeks Crossing Court, addressed the Board stating the notification has to go to property owner not to the street address. 5198 Winter Creek is a rental property. The proper address is listed on the county and was not given him. Mr. Boso states that zoning code states notices should be made to residents within 500 feet of this property. He stated people were not notified, the day stated Monday was wrong on the notice. Mr. Boso did not know what publication of paper notice was in but would like to have a copy of it. On the zoning application to the County, it says SR, but he says the zoning map says RR. He quoted the number of resolution, but the resolution number was not recognized. He went on about the comprehensive plan; the fire station was not shown.

Mr. Bowshier clarified with Mr. Lilly that the zoning on the property is SR and asked whether we could build a fire station in current zoning. Mr. Lilly stated that we could take the opinion that because this is a government facility owned by the Township, it is not subject to zoning. However, the reason we re-zoned it to Community Facilities was to match the same zoning district that Grove City has since we are in the process of annexing. Our zoning code is mute on government facilities.

Mr. Bowshier reiterated that it was his understanding that when we started this process that we would not have to rezone it. We were re-zoning to facilitate annexation to the City of Grove City. So it is very possible we could drop this whole re-zoning and build it in the township without any further resolutions.

Mr. Lilly stated also, the same revised statute about the notification also goes on to state that failure of delivery of that notice shall not invalidate the action.

Mr. Burris stated that Buckeye Woods was never shown on any comprehensive plan, and it is right around the corner (in the City).

Mr. Burris read Resolution 2012-96 and moved to accept the recommendation of the Zoning Commission to redistrict various properties to the CF District. Mr. Bowshier seconded the motion. He stated this will put all our governmental facilities into the same district as what the City of Grove City has. VOTE: all yes.

**RESOLUTION 2012-97**

Mr. Burris announced that Resolution 2012-97 would remain tabled.
