ACCEPTED

Expanded polystyrene (ESP) e.g.: packaging material, foam coolers – please remove tape, paper and other contaminants.

NOT ACCEPTED

Foam peanuts

Construction-grade foam (e.g., insulation)

Expanded polyethylene

Foam sheets and food containers, even if they have never touched food.

FOOD-WASTE COMPOSTING DISPOSAL

Grove City residents can dispose of food waste at a composting drop-off location by collecting compostable materials at home and taking them to the local composting container at 2803 Southwest Blvd.

The City of Grove City partners with GoZERO Services, a food-waste compost courier, for residential food scrap disposal. Visit bit.ly/GCComposting for composting details.

To reduce food waste, the Solid Waste Authority of Central Ohio and The Central Food Waste Initiative host the “Save More Than Food” program, an awareness campaign dedicated to sharing the impact food waste has on the health of our community, economy and environment. To learn more about this important program, visit bit.ly/SMTFgc.

RECYCLE RIGHT

It's important to Recycle Right. By recycling only materials that are accepted at the recycling facility, your recycling will make more of an impact. SWACO's “RECYCLE RIGHT” campaign makes proper recycling easy by providing a comprehensive list of what should and shouldn't go in the container.

Rumpke accepts disposable paper, plastic and aluminum cups in curbside and dropbox programs. Recycled materials include paper and plastic beverage cups from fast-food restaurants, plastic souvenir cups and Ball brand aluminum cups.

For additional information, please visit the Recycle Right website at bit.ly/recycleGC.
