Variance 4-VA-2023

Applicant: Jesus and Amber Chalco
Property: 2151 London Groveport Road, (parcel #160-001252)

108.01 Nature of a Variance

On a particular property, extraordinary circumstances may exist making a strict enforcement of the applicable Development Standards of the Zoning Resolution unreasonable. Therefore, the procedure for Variance from Development Standards is provided to allow the flexibility necessary to adapt to changed or unusual conditions, both foreseen and unforeseen, under circumstances which do not ordinarily involve a change in the application of this Zoning Resolution. Applications for Variances are heard by the Board of Zoning Appeals, hereinafter the Board.

Sections of the Jackson Township Zoning Regulations requesting a Variance:

The applicant is requesting to construct an addition of 70' x 110' (7,700 sq. ft.) with 20' in height onto an existing accessory structure to exceed to maximum square footage for the accessory structure.

303.02 Development Standards

- A. Location. Accessory uses and structures shall be located completely to the rear of the principal structure and shall be no closer than ten (10) feet from any part of the principal structure. Accessory uses and structures shall be no closer than five (5) feet to any rear and side property line. Accessory uses and structures shall not be located within a recorded easement.
- C. Exterior. In order to protect property values and encourage neighborhood stability an accessory structure shall have an exterior which meets these standards and is compatible in appearance to the principal residential structure on the parcel or lot. Compatibility shall be determined based upon the following criteria: exterior building materials, color, architecture, roof style, and siding.
- D. Area. The maximum permitted area of an accessory structure placed on a lot in a residential zoning district shall be based on the following lot categories on which the accessory structure is to be located.
3. Lot Size Four (4) or More Acres. An accessory structure shall be no larger than two thousand (2,000) square feet and shall not exceed a height of twenty-two (22) feet as measured from the floor to the top of the roof with a minimum roof pitch of 4':1" and no door serving the accessory structure shall exceed 14' feet in height.

Action by the Board

The Board shall only approve a variance or modification thereof if the following findings are made:

1. That special conditions and circumstances exist which are peculiar to the land or structure involved and which are not applicable to other lands or structures in the same Zoning District.
 - *No special conditions or circumstances exist which make the property unique that are not applicable to other lands in the same zoning district.*
2. That a literal interpretation of the provisions of this Zoning Resolution would deprive the applicant of rights commonly enjoyed by other properties in the same zoning district under terms of this Zoning Resolution.
 - *Interpretation of this zoning resolution does not deprive this property owner rights commonly enjoyed by other property owners within the same zoning district.*
3. That the special conditions and circumstances do not result from the action of the applicant.
 - *Special conditions and circumstances do not result from the action of the applicant.*
4. That granting the variance requested will not confer on the applicant any special privilege that is denied this Zoning Resolution to other lands or structures in the same Zoning District.
 - *Granting of the variance will allow for the construction of an accessory building larger than permitted in lots of this size.*
5. That granting the variance will not adversely affect the health or safety of persons residing or working in the vicinity of the proposed development, be materially detrimental to the public welfare, or injurious to private property or public improvements in the vicinity.

Summary of Variance: On a particular property, extraordinary circumstances may exist making a strict enforcement of the applicable Development Standards of the Zoning Resolution unreasonable or impractical. Therefore, the procedure for Variance from Development Standards is provided to allow the flexibility necessary to adapt to changed or unusual conditions, both foreseen and unforeseen, under circumstances which do not ordinarily involve a change in the application of this Zoning Resolution.

To the Board of Zoning Appeals, the Applicant requests Appeal from Section: _____

- Accessory Structure
- Access Driveway
- Setbacks
- Lot Requirements
- Landscaping
- Fence / Wall
- Development Standards
- Violation Appeal
- Other

Requesting the following specific variance:

We are trying to build a bigger barn for storage of an RV and my working vans. The current barn is too low to store these things. The current barn is being used to store other things that I need but it is too low to store an RV or working van. I am planning on buying another working van and I need a place to store them out of the elements.

Under Ohio Law (519.14) the Board of Zoning Appeals may only approve a Variance that (A.) will not be contrary to the public's best interest and (B.) that the spirit and intent of the Zoning Resolution will be observed. The applicant summarizes below the following (Attach extra sheets if necessary):

- Describe the special conditions and/or circumstances that exist and which are peculiar to the land and/or structures for the property seeking Variance. Did the property owner / applicant create the unique circumstances? Yes / No (circle one).

2. Describe how the Township's Zoning Code restrictions will deprive the property owner of property rights commonly enjoyed by other properties in the area. Did the property owner / applicant purchase the property knowing of these restrictions? Yes (No) (circle one).

This building is needed in order to store an RV and my working vans. The current barn is too low to store these things. I want to protect my working vans from exposure to the outside elements. I used to live in Columbus City but the land/ space was too small to even store my working van. In order to solve this problem I chose to move my family to Grove City so I could store my things on my property but now with these complications I am wondering was my decision a good decision.

3. Describe in specific detail why this Variance request **WILL NOT** adversely affect the health, safety or general welfare of adjacent property owners or neighbors.

This barn will not adversely affect any of my neighbors because the barn will be located at the back of my property behind the current barn. There will not be any blockage of anything to or from any of my neighbors. The neighbor behind my has several out buildings on his property and none of his buildings adversely affect any of the neighbors around our property.
